

## **LMK Group AB (publ) - The board of directors' proposal to a resolution regarding a long-term warrant program by way of issuance of warrants – item 13**

The board of directors proposes that the annual general meeting 2023 resolves on a long-term warrant program ("**Warrant Program 2023/2025**") by way of issuance of warrants in LMK Group AB (publ) (the "**Company**") in accordance with the below.

### **Background and rationale**

The board of directors considers it to be in the interest of the Company and the shareholders that certain senior executives and certain other key employees in the Company are made part of the Company's development by being offered warrants. The reasons for the proposal are to contribute to the possibilities to retain and attract key competence and to increase motivation for senior executives and certain other key employees in the Company by being involved in and working for a positive value increase of the Company's shares during the period covered by the Warrant Program 2023/2025.

In light of the terms and conditions, size of allotment and other circumstances, the board of directors considers Warrant Program 2023/2025, in accordance with the below, to be reasonable and advantageous for the Company and its shareholders.

Should the board of directors consider it to be appropriate, and the requirements hereto according to the Swedish Companies Act (Sw. *aktiebolagslagen*) are satisfied, the board of directors may, at the time of exercise of the warrants, resolve to offer the participants of Warrant Program 2023/2025 a cashless exercise by way of a buy-back of warrants to the market value.

### **The board of directors' proposal for resolution on implementation of the Warrant Program 2023/2025 and issue of warrants**

The board of directors proposes that the annual general meeting of the Company resolves to issue warrants and implement Warrant Program 2023/2025 in accordance with the following terms:

Warrant Program 2023/2025 shall consist of no more than 380,000 warrants. Therefore, the board of directors proposes that the annual general meeting 2023 resolves to issue no more than 380,000 warrants of series 2023/2025.

The right to subscribe for warrants in Warrant Program 2023/2025 shall, with deviation from the shareholders' pre-emption rights, be granted to the participants in Warrant Program 2023/2025. Participants may also, following the approval of the Company, subscribe for warrants through a company controlled by the participant, and what is said about participants below shall in such cases apply accordingly to such controlled company. The reason for the deviation from the shareholders' pre-emption rights is to implement a long-term incentive program for certain senior executives and other key employees within

the Company. The warrants shall be issued to the participants in Warrant Program 2023/2025 without consideration.

The allotment of warrants to participants in Warrant Program 2023/2025 requires that the participants, or a company controlled by the participant, acquires shares in the Company during a certain period ("**Participation shares**"). For every acquired Participation share, the participants in Warrant Program 2023/2025 can be allotted two (2) warrants in the Company without consideration. Participants may acquire Participation shares during the period 3 May 2023 – 31 May 2023 (the "**Share Acquisition-period**"). However, the board of directors are entitled to extend the Share Acquisition-period. The Participation shares shall be acquired, either from a third party which has been assigned by the Company to acquire the Participation shares on the market and thereafter transfer the Participation shares to the participants for the purpose of enabling an appropriate implementation of Warrant Program 2023/2025, or by the participant itself on the market. The board of directors will resolve which of the two above-mentioned acquisition methods that should be applied. If a participant's acquisition of Participation shares is made from a third party, the acquisition shall be made at market value of the Participation shares, calculated as the average price of the Participation shares acquired by the third party on the market.

Subscription for warrants shall be made during the period 3 May 2023 – 31 May 2023. However, the board of directors are entitled to extend the subscription period.

Each warrant entitles to subscription for one (1) share in the Company during the period from 2 June 2025 up to and including 2 September 2025, whereby the board of directors in the Company in individual cases shall have the right to extend the exercise period for all participants up to and including 15 October 2025 if the participant due to applicable rules is unable to exercise the warrants during the initial exercise period.

Subscription of new shares by way of exercising warrants during the period from and including 2 June 2025 up to and including 2 September 2025 shall be made to a price per share (the "**Exercise Price**") corresponding to 200 per cent of the volume-weighted average trading price of the Company's share on Nasdaq First North Premier Growth Market during the period from 3 May 2023 up to and including 10 May 2023 (whereby the calculated Exercise Price shall be rounded to the nearest tenth of a Swedish krona, whereby SEK 0.05 shall be rounded up).

The Exercise Price may not be less than the quota value of the shares. In the event that the Exercise Price exceeds the quota value of the share, the part of the Exercise Price exceeding the shares' quota value shall be allotted to the unrestricted premium reserve.

The Exercise Price and the number of shares that each warrant of series 2023/2025 entitles to may be subject to recalculation in the event of a share split, reverse share split, new issue of shares, etc., wherein the recalculation terms in the complete terms and conditions of the warrants shall be applied. If the warrants are exercised in full, the share capital will

increase by SEK 35,070.80. There can be no over-subscription. For full terms and conditions, see Appendix A and Appendix B.

The right to subscription of warrants within Warrant Program 2023/2025 shall be made in accordance with the following guidelines:

<b>Participant</b>	<b>Maximum number of warrants</b>
CEO	80,000 warrants
CFO	40,000 warrants
CSCMO	40,000 warrants
CCO	40,000 warrants
CTO	40,000 warrants
COO	40,000 warrants
Certain key employees (amount: 10)	100,000 warrants (10,000 warrants per person)
<b>Total:</b>	<b>380,000 warrants</b>

The maximum number of warrants per participant is dependent on the participant's position and responsibility within the group.

The market value of the warrants shall be calculated in accordance with the Black & Scholes valuation formula by an independent valuation firm appointed by the Company, PricewaterhouseCoopers, as per 10 May 2023. An example calculation according to the Black & Scholes formula based on the assumption of an, since 28 March 2023, unchanged share price of SEK 7.7, results in a warrant value of SEK 0.43 per warrant, whereby the following input have been used in the Black & Scholes calculation:

Exercise price: SEK 15.3 (200% of the share price of SEK 7.7)  
Risk-free interest: 2.78%  
Volatility: 43%  
Duration (years): 2

The calculation aims only to present an example and the option value according to the final calculation, which will be conducted by PricewaterhouseCoopers as per 10 May 2023, may deviate from the example above.

Since the participants will receive the warrants without consideration, they will be subject to tax on benefits for the benefit, i.e. a value corresponding to the market value of the warrants, at the time of receipt.

The warrants shall be governed by separate agreements between each participant and the Company. In the agreement, the participant undertakes to only exercise held warrants during the period 2 June 2025 – 2 September 2025 whereby the board of directors in the Company in individual cases shall have the right to extend the exercise period for all

participants up to and including 15 October 2025 if the participant due to applicable rules is unable to exercise the warrants during the initial exercise period.

Vesting of the warrants shall, under certain conditions, be accelerated and the exercise period may, under certain conditions, be brought forward in the event of a merger where the Company is absorbed by another company or in case of a public offer for shares in the Company. In the agreement between the participant and the Company, the Company also reserves the right to, under certain conditions, purchase the warrants from the participant if the participant's employment within the Company terminates or if the participant acts in material breach of its employment agreement or the warrant agreement. Such purchase shall, depending on the circumstances resulting in the purchase, be made at the market value of the warrants or the lower of the market value of the warrants at the time of receipt of the warrants or the market value of the warrants by the time of the purchase. With the exception of purchases in connection with dismissal from employment (*Sw. avskedande*), termination due to personal reasons (*Sw. uppsägning av personliga skäl*) and the participant's material breach of the employment agreement or the warrant agreement, the right of the Company to repurchase the warrants expires on 2 June 2025. The agreements will otherwise contain customary terms.

The board of directors shall be responsible for the preparation and management of Warrant Program 2023/2025 within the above-mentioned terms. If the board of directors considers that it is in the Company's interest to deviate from the provisions regarding repurchase of warrants in an individual case, the board of directors shall be entitled to make such a deviation.

#### **Dilution effect and costs, etc.**

The board of directors' proposal to resolve on issuance of warrants entails a dilution effect corresponding to a maximum of approximately 3.00 per cent of the shares and votes in the Company if the proposed warrants are exercised in full. The dilution effect is calculated as the relation between the additional shares that the warrants will be exercised for and the sum of the current number of shares and the additional shares that the warrants will be exercised for. Warrant Program 2023/2025 is expected to have only marginal effects on the Company's key ratios.

Since the warrants will be issued to the participants without consideration, Warrant Program 2023/2025 will result in costs for the Company, partly in the form of accounting salary costs (corresponding to the benefit value), partly in the form of social security costs. If all warrants that can be issued within Warrant Program 2023/2025 are allotted to the participants, and the market value of the warrants at the time of the receipt corresponds with the exemplary Black & Scholes-calculation according to the above, the accounting salary costs are expected to amount to approximately SEK 140 000 and the social security costs to approximately SEK 36 000.

## **Deviation from the Swedish Stock Market Self-Regulation Committee's Rules on Remuneration of the Board and Executive Management and on Incentive Programmes**

In accordance with the remuneration rules of the Swedish Stock Market Self-Regulation Committee, it shall be specified and justified why a vesting period or period from the commencement of the agreement until a share may be acquired is less than three years.

The reason for the duration of Warrant Program 2023/2025 being less than three years is that the board of directors has made the assessment that a longer duration than the proposed, not sufficiently, would contribute to the ability to retain and attract key competence and increase motivation for the executive management and other selected key employees in the Company.

### **Previous incentive programs in the Company**

The Company has three ongoing warrant programs (Warrant Program 2021/2024, 2021/2025, and 2022/2025), and an ongoing performance-based program (Performance share Program 2022). Warrant Program 2021/2024, Warrant Program 2021/2025, Warrant Program 2022/2025, and Warrant Program 2023/2025 are expected to entail a total dilution of approximately 6.5 per cent of the total number of outstanding shares if all outstanding and proposed warrants are exercised in full. The performance Share Program 2022 does not lead to any dilution. The dilution effect is calculated as the relation between the additional shares that the warrants will be exercised for and the sum of the current number of shares and the additional shares that the warrants will be exercised for.

The costs for the above-mentioned incentive programs, including social security costs, are expected to amount to a total of approximately SEK 676,000. For a more detailed description of the Company's ongoing share related incentive programs, please refer to annual report for the financial year 2022.

### **Preparation of the proposal**

The proposal has been prepared by the board of directors together with external advisors.

### **Majority rules**

The board of directors' proposal to approve Warrant Program 2023/2025 and the issuance of warrants requires that the resolution is supported by shareholders holding no less than nine tenths (9/10) of both the votes cast and the shares represented at the general meeting.

---

Stockholm in March 2023  
LMK Group AB (publ)

The board of directors

## The board of directors' proposal regarding a resolution to issue warrants (series 2023/2025)

In order to enable the Company's delivery of shares under the Warrant Program 2023/2025, the board of directors proposes that the annual general meeting resolves to issue not more than 380,000 warrants, entailing an increase in the share capital of not more than SEK 35,070.80 if the warrants are exercised in full, in accordance with the following:

1. The right to subscribe for warrants in Warrant Program 2023/2025 shall, with deviation from the shareholders' pre-emption rights, be granted to the participants in Warrant Program 2023/2025. Participants may also, following the approval of the Company, subscribe for warrants through a company controlled by the participant, and what is said about participants below shall in such cases apply accordingly to such controlled company. The reason for the deviation from the shareholders' pre-emption rights is to implement a long-term incentive program for certain senior executives and other key employees within the Company.
2. The allotment of warrants to participants in Warrant Program 2023/2025 requires that the participants, or a company controlled by the participant, acquires shares in the Company during a certain period ("**Participation shares**"). For every acquired Participation share, the participants in Warrant Program 2023/2025 can be allotted two (2) warrants in the Company without consideration. Participants may acquire Participation shares during the period 3 May 2023 – 31 May 2023 (the "**Share Acquisition-period**"). However, the board of directors are entitled to extend the Share Acquisition-period. The Participation shares shall be acquired, either from a third party which has been assigned by the Company to acquire the Participation shares on the market and thereafter transfer the Participation shares to the participants for the purpose of enabling an appropriate implementation of Warrant Program 2023/2025, or by the participant itself on the market. The board of directors will resolve which of the two above-mentioned acquisition methods that should be applied. If a participant's acquisition of Participation shares is made from a third party, the acquisition shall be made at market value of the Participation shares, calculated as the average price of the Participation shares acquired by the third party on the market.
3. Subscription for warrants shall be made during the period 3 May 2023 – 31 May 2023. However, the board of directors are entitled to extend the subscription period. There can be no over-subscription.
4. Each warrant entitles to subscription for one (1) share in the Company during the period from 2 June 2025 up to and including 2 September 2025, whereby the board of directors in the Company in individual cases shall have the right to extend the exercise period for all participants up to and including 15 October 2025 if the participant due to applicable rules is unable to exercise the warrants during the initial exercise period.

5. Subscription of new shares by way of exercising warrants during the period from and including 2 June 2025 up to and including 2 September 2025 shall be made to a price per share (the "**Exercise Price**") corresponding to 200 per cent of the volume-weighted average trading price of the Company's share on Nasdaq First North Premier Growth Market during the period from 3 May 2023 up to and including 10 May 2023 (whereby the calculated Exercise Price shall be rounded to the nearest tenth of a Swedish krona, whereby SEK 0.05 shall be rounded up).

The Exercise Price may not be less than the quota value of the shares. In the event that the Exercise Price exceeds the quota value of the share, the part of the Exercise Price exceeding the shares' quota value shall be allotted to the unrestricted premium reserve.

6. The Exercise Price and the number of shares that each warrant of series 2023/2025 entitles to may be subject to recalculation in the event of a share split, reverse share split, new issue of shares, etc., wherein the recalculation terms in the complete terms and conditions of the warrants shall be applied.
7. The warrants shall be issued to the participants without consideration.
8. The shares subscribed for by exercise of the warrants shall carry a right to dividends the first time as of the first record day for dividends that occurs after the subscription of shares by exercise of the warrants has been executed.
9. The warrants shall otherwise be governed by the terms and conditions as set out in Appendix B.
10. The chair of the board of directors and Erik Persson at Roschier Attorneys, acting individually, shall be authorised to make any minor adjustments required to register the resolution with the Swedish Companies Registration Office.

## Terms and Conditions for Warrants of series 2023/2025

### 1. Definitions

In these terms and conditions, the following terms shall have the following meanings.

<b>"Average Price of the Share"</b>	the average volume weighted transaction price of the Company's share on Nasdaq First North Premier Growth Market, rounded to the nearest tenth of a Swedish krona, whereby SEK 0.05 shall be rounded up, during a specified period. In the event no transaction price is quoted during such period, the bid price that is quoted as the closing price for each day during the period shall instead form the basis of the calculation. Days for which there are neither a transaction price nor a bid price, shall not be included in the calculation;
<b>"business day"</b>	a day other than a Sunday or other public holiday in Sweden or as regards payment of debt is not equated with a public holiday;
<b>"Bank"</b>	the bank or another account operator which the Company, from time to time, appoints to act as the Bank in accordance with these terms and conditions;
<b>"Company"</b>	LMK Group AB (publ), reg. no. 559021-1263;
<b>"Euroclear"</b>	Euroclear Sweden AB or other central securities depository pursuant to the Swedish Central Securities Depositories and Financial Instruments (Accounts) Act (SFS 1998:1479);
<b>"exercise price"</b>	the price per share to be paid upon subscription of new shares;
<b>"holder"</b>	any holder of warrants;
<b>"market quotation"</b>	trading on a regulated market or other organized marketplace;
<b>"subscription"</b>	such subscription of new shares in the Company through the exercise of a warrant in accordance

with Chapter 14 of the Swedish Companies Act (2005:551);

**"warrant"** the right to subscribe for a share in the Company with payment in cash in accordance with these terms and conditions;

"

## **2. Warrants**

The number of warrants amounts to not more than 380,000.

The Company shall issue warrant certificates payable to a certain person or order, representing a warrant or multiples thereof. At request of the holder of warrants, the Company carries out replacement and exchange of warrant certificates.

The board of directors of the Company shall have the right to decide that the warrants shall be registered by Euroclear in a securities depository register in accordance with the Swedish Central Securities Depositories and Financial Instruments (Accounts) Act (SFS 1998:1479). In the event such a decision is not taken, paragraphs four to seven below shall not apply. In the event such a decision is taken, paragraph four to six below shall apply instead of what is stated in the second paragraph above.

The holder of warrants shall, following that decision in accordance with the previous paragraph has been taken, on the Company's notification be obliged immediately to the Company or Euroclear submit all warrant certificates representing the warrants and notify the Company of the necessary information regarding the securities account in which the warrants of the holder shall be registered in accordance with the below.

The warrants shall be registered by Euroclear in a securities depository register in accordance with the Swedish Central Securities Depositories and Financial Instruments (Accounts) Act (SFS 1998:1479) and, as a consequence, no physical securities shall be issued.

The warrants are registered on behalf of the holder at an account in the Company's securities depository register. Registration of the warrants as a consequence of measures according to section 5, 6, 7 and 11 below shall be made by the Bank. Other registration measures with respect to the account shall be made by the Bank or other account operator.

In the event that the board of directors has taken such a decision stated in the third paragraph above, the board shall thereafter be free to, with the restrictions that may follow by law or any other regulation, decide that the warrants should no longer be registered with Euroclear in a securities depository register in accordance with the Swedish Central Securities Depositories and Financial Instruments (Accounts) Act (SFS 1998:1479). In the event such latter decision is taken, the second paragraph above shall apply instead of what is stated in the fourth to sixth paragraphs above.

### **3. The right to subscribe for new shares**

The holder shall from and including 2 June 2025 up to and including 2 September 2025 for each warrant have the right to subscribe for one (1) new share in the Company at an exercise price in Swedish krona determined at an amount corresponding to 200 per cent of the volume-weighted average trading price of the Company's share on Nasdaq First North Premier Growth Market during the period from 3 May 2023 up to and including 10 May 2023 (whereby the calculated exercise price shall be rounded to the nearest tenth of a Swedish krona, whereby SEK 0.05 shall be rounded up). The exercise price may not be less than the quota value of the shares. In the event that the exercise price exceeds the quota value of the share, the part of the exercise price exceeding the shares' quota value shall be allotted to the unrestricted premium reserve.

Recalculation of the exercise price as well as the number of new shares, which each warrant entitles to subscription for, can be made in the cases set forth in section 7 below. However, if such recalculation results in that the exercise price will be below the quota value of the share of the Company, the exercise price shall continue to correspond to the quota value.

Subscription can only be made for the entire number of shares, to which the aggregate number of warrants, that each holder wishes to exercise at the same time, entitles. At such subscription, any excess part of the warrant should be disregarded, which thus cannot be utilized. Such excess amount of the warrant matures thereby without compensation.

### **4. Application for subscription and payment**

Application for subscription of shares can occur during the period from and including 2 June 2025 up to and including 2 September 2025 or up to and including such earlier day as set forth in section 7 below. The board of directors however, has the right to extend the subscription period up to and including 15 October 2025. If application for subscription is not made within the period specified in the previous sentence, any rights under the warrants are invalid.

Upon such application, a written and completed application form, in accordance with a pre-established form, shall be filed with the Company or other party designated by the Company. Where appropriate, the holder shall simultaneously

submit to the Company the warrant certificates representing the number of warrants that the application for subscription concerns. The application for subscription is binding and cannot be revoked by the subscriber.

At the application of subscription, payment in cash shall immediately be made for the number of shares to which the application for subscription refers. Payment shall be made to the account designated by the Company.

**5. Registrations in the share register, etc.**

During the time the Company is not registered by Euroclear

Following the allocation, the subscription is effected by the Company's registration of the new shares in the Company's share register as interim shares. When the Swedish Companies Registration Office has registered the new shares, the Company's registration of the new shares in the Company's share register becomes final. As set out in section 7 below, such final registration may under certain circumstances be delayed.

During the time the Company is registered by Euroclear

Following the allocation, the subscription is effected by registration of the new shares in the VP-account as interim shares. When the Swedish Companies Registration Office has registered the new shares, the registration of the new shares at the VP-account becomes final. As set out in section 7 below, such final registration may under certain circumstances be delayed.

**6. Dividend on new shares**

During the time the Company is not registered by Euroclear

Shares issued as a consequence of subscription shall be entitled to such dividend which is resolved after the execution of the subscription.

During the time the Company is registered by Euroclear

Shares issued as a consequence of subscription shall be entitled to dividend for the first time on the record day for dividend occurring immediately after the execution of the subscription.

**7. Recalculation of the exercise price, the number of shares, etc.**

The following shall apply regarding the rights accruing to the warrant holders in the situations stated in this section 7. However, in no case shall recalculation in accordance with the provisions in this section 7 lead to that subscription may take place at an exercise price lower than the quota value of the Company's shares.

- (a) In the event the Company carries out a bonus issue – where application for subscription is made at such time that the subscription cannot be effected on or before the tenth calendar day prior to the shareholders’ meeting regarding the bonus issue – such subscription shall be effected only after a resolution with respect to the bonus issue has been passed by the shareholders’ meeting. Shares allotted as a consequence of a subscription effected after the resolution to carry out the issue are temporarily registered at the VP-account and do not entitle the holders to participate in the bonus issue. The final registration at the VP-account will occur first after the record day for the bonus issue.

If the Company is not registered by Euroclear at the time of the general meeting’s resolution on the issue, shares issued as a consequence of a subscription that is carried out at the time of the general meeting shall be entitled to participate in the issue.

In connection with subscriptions effected after the resolution regarding the bonus issue, the exercise price as well as the number of shares to which each warrant entitles the holders to subscribe for shall be recalculated. The recalculations shall be carried out by the Company in accordance with the following formulas:

$$\text{recalculated exercise price} = \frac{\text{the previous exercise price x the number of shares prior to the bonus issue}}{\text{the number of shares following the bonus issue}}$$

$$\text{the recalculated number of shares that each warrant entitles to subscription for} = \frac{\text{the previous number of shares that each warrant entitles to subscription for x the number of shares prior to the bonus issue}}{\text{the number of shares following the bonus issue}}$$

The exercise price as well as the number of shares, recalculated in accordance with the above, shall be determined by the Company as soon as possible following the resolution of the shareholders’ meeting regarding the bonus issue but shall not be applied prior to the record day for the issue.

- (b) In the event the Company carries out a reverse share split or a share split, subsection (a) above shall apply, whereby the record day shall be the day when the reverse share split or share split, respectively, is registered with Euroclear, upon the request of the Company.

- (c) In the event the Company carries out a new issue of shares with payment in cash or by way of set off, with preferential rights for the shareholders, the following shall apply with respect to the right to participate in the share issue as regards shares allocated as a consequence of exercise of warrants:
- (i) Should the board of directors resolve to issue shares subject to the approval of the shareholders' meeting, or in accordance with an authorization of the shareholders' meeting, the resolution to issue shares shall set forth the last date upon which the subscription shall be effected in order for the shares, allocated as a consequence of exercise of warrants, to entitle the holders to participate in the issue of new shares. Such date may not be earlier than the tenth calendar day following the resolution.
  - (ii) Should the shareholders' meeting resolve to issue new shares, applications for subscription that is made at such time that it cannot be effected on or before the tenth calendar day prior to the shareholders' meeting regarding the issue of new shares shall be effected only after the Company has made the recalculation in accordance with this subsection (c), third last paragraph. Shares allotted in accordance with such subscription are temporarily registered at the VP-account and do not entitle the holders to participate in the issue.

If the Company is not registered by Euroclear at the time of the general meeting's resolution on the issue, shares issued as a consequence of a subscription that is carried out at the time of the general meeting shall be entitled to participate in the issue.

A recalculated exercise price, as well as a recalculated number of shares to which each warrant entitles to, is applied to subscriptions which are effected at such times that a right to participate in new issues of shares does not arise. The recalculations shall be carried out by the Company in accordance with the following formulas:

$$\text{recalculated exercise price} = \frac{\text{the previous exercise price} \times \text{the Average Price of the Share during the subscription period set forth in the resolution regarding the issue}}{\text{the Average Price of the Share during the subscription period set forth in the resolution regarding the issue increased by the theoretical value of the subscription right calculated on the basis thereof}}$$

$$\frac{\text{the recalculated number of shares that each warrant entitles to subscription for}}{\text{the previous number of shares which each warrant entitles to subscription for } x \text{ (the Average Price of the Share during the subscription period set forth in the resolution regarding the issue increased by the theoretical value of the subscription right calculated on the basis thereof)}} = \frac{\text{the Average Price of the Share during the subscription period set forth in the resolution regarding the issue}}{\text{the Average Price of the Share during the subscription period set forth in the resolution regarding the issue}}$$

The theoretical value of the subscription right shall be calculated in accordance with the following formula:

$$\frac{\text{the value of the subscription right}}{\text{the maximum number of new shares that may be issued pursuant to the resolution } x \text{ (the Average Price of the Share during the subscription period set forth in the resolution regarding the issue - the exercise price for the new share)}} = \frac{\text{the maximum number of new shares that may be issued pursuant to the resolution } x \text{ (the Average Price of the Share during the subscription period set forth in the resolution regarding the issue - the exercise price for the new share)}}{\text{the number of shares prior to the resolution regarding the issue of new shares}}$$

Shares held by the Company or by subsidiaries of the Company shall not be considered in connection with the recalculation in accordance with the formula above. In the event of a negative value, the theoretical value of the subscription right shall be determined to be zero.

The recalculated exercise price and the recalculated number of shares set forth above shall be determined by the Company two banking days following the expiration of the subscription period and shall apply to subscriptions effected thereafter.

If the Company's shares are not subject to a market quotation, the recalculated exercise price and number of shares which each warrant entitles the holder to shall be determined in accordance with the principles set out in this paragraph by an independent valuer appointed by the Company. Recalculation shall be based upon that the value of the warrants shall remain unchanged.

Subscriptions shall only be effected on a preliminary basis during the period up to the date upon which the recalculated exercise price and the recalculated number of shares to which each warrant entitles to are determined, whereby the number of shares that each warrant entitles to, before recalculation, will be temporarily registered at the VP-account. It is further noted that each warrant, following recalculation, may entitle to

additional shares. Final registration at the VP-account will be made when the recalculations have been determined. If the Company is not registered by Euroclear, the subscription for new shares is effected by the Company's registration of the new shares in the Company's share register as interim shares. Final registration in the share register will be made when the recalculation of the exercise price and the recalculation of the number of shares which each warrant entitles the holder to have been determined.

- (d) In the event the Company carries out an issue in accordance with Chapters 14 or 15 of the Swedish Companies Act with payment in cash or by way of set off, with preferential rights for the shareholders, the provisions contained in subsection (c), first paragraph, subsections (i) and (ii), and subsection (c), second paragraph, shall apply with respect to the right to participate in the issue for shares which were allotted as a consequence of subscription through exercise of warrants.

In connection with subscriptions effected at such times that the right to participate in new issues of shares does not arise, a recalculated exercise price as well as a recalculated number of shares to which each warrant entitles to subscription for shall be applied. The recalculations shall be made by the Company in accordance with the following formula:

$$\text{recalculated exercise price} = \frac{\text{the previous exercise price} \times \text{the Average Price of the Share during the subscription period set forth in the resolution regarding the issue}}{\text{the Average Price of the Share during the subscription period set forth in the resolution regarding the issue increased by the value of the subscription right}}$$

$$\frac{\text{the recalculated number of shares that each warrant entitles to subscription for}}{\text{the previous number of shares which each warrant entitles to subscription for} \times (\text{Average Price of the Share during the subscription period set forth in the resolution regarding the issue increased by the value of the subscription right})} = \frac{\text{the Average Price of the Share during the subscription period set forth in the resolution regarding the issue}}{\text{the Average Price of the Share during the subscription period set forth in the resolution regarding the issue}}$$

The value of the subscription right shall be deemed to correspond to the average of the volume weighted transaction price of each trading day for the subscription right on Nasdaq First North Premier Growth Market, for

each trading day during the subscription period. In the event no transaction price is quoted during such period, the bid price that is quoted as the closing price for each day during the period shall instead form the basis of the calculation. Days for which there are neither a transaction price nor a bid price, shall not be included in the calculation.

The recalculated exercise price and the recalculated number of shares as set forth above shall be determined by the Company two banking days following the expiration of the subscription period and shall apply to subscriptions effected thereafter.

If the Company's shares are not subject to a market quotation, the recalculated exercise price and the recalculated number of shares which each warrant entitles the holder to shall be determined in accordance with the principles set out in this paragraph by an independent valuer appointed by the Company. Recalculation shall be based upon that the value of the warrants shall remain unchanged.

To a subscription effected during the period prior to the determination of the recalculated exercise price and the recalculated number of shares, the provisions in subsection (c), final paragraph above, shall apply.

- (e) In the event the Company, under circumstances other than those set forth in subsections (a) through (d) above, directs an offer to the shareholders, with preferential right pursuant to Chapter 13 § 1 of the Swedish Companies Act, to purchase securities or rights of any type from the Company, or where the Company resolves, pursuant to the principles set forth above, to distribute to its shareholders such securities or rights free of charge (the "offer"), a recalculated exercise price as well as a recalculated number of shares that each warrant entitles to subscription for, shall apply to subscription for shares made at such time that shares allocated as a consequence of such subscription do not entitle the holders to participate in the offer. The recalculation shall be made by the Company in accordance with the following formula:

$$\text{recalculated exercise price} = \frac{\text{the previous exercise price} \times \text{the Average Price of the Share during the application period set forth in the offer}}{\text{the Average Price of the Share during the application period set forth in the offer increased by the value of the right to participate in the offer}}$$

$$\begin{array}{l} \text{the} \\ \text{recalculated} \\ \text{number of} \\ \text{shares that} \\ \text{each warrant} \\ \text{entitles to} \\ \text{subscription} \\ \text{for} \end{array} = \frac{\begin{array}{l} \text{the previous number of shares which each warrant} \\ \text{entitles to subscription for x (the Average Price of} \\ \text{the Share during the application period set forth in} \\ \text{the offer increased by the value of the purchase} \\ \text{right)} \end{array}}{\begin{array}{l} \text{the Average Price of the Share during the} \\ \text{application period set forth in the offer} \end{array}}$$

In the event the shareholders have received purchase rights, and trading with these rights has occurred, the value of the right to participate in the offer shall be deemed to be equal to the value of the purchase right. The value of the purchase right shall be deemed to correspond to the average of the highest and lowest transaction price for the purchase right on the market quotation for each trading day during the subscription period. In the event no transaction price is quoted, the bid price which is quoted as the closing price shall form the basis of the calculation. Days for which there are neither a transaction price nor a bid price shall not be included in the calculation.

In the event that the shareholders have not received purchase rights, or if trade in the purchase rights as referred to in the preceding paragraph has not taken place, a recalculation of the exercise price and the number of shares shall be made, to the extent possible, in accordance with the principles set forth in this subsection (e), whereby the following shall apply. Where the securities or rights which are offered to the shareholders are listed, the value of the right to participate in the offer shall be deemed to correspond to the average of the highest and lowest transaction price for these securities or rights on the market quotation for each trading day during a period of twenty-five (25) trading days commencing on the first day of the listing, where applicable, decreased by the consideration paid for such securities in connection with the offer. In the event no transaction price is quoted, the bid price which is quoted as the closing price shall form the basis of the calculation. Days for which neither a transaction price nor a bid price is quoted shall not be included for the purposes of the calculation. Upon recalculation of the exercise price and the number of shares in accordance with this paragraph, the application period as set forth in the offer shall be deemed to correspond to the above mentioned period of twenty-five (25) trading days. In the event a listing of the securities or rights which are offered to the shareholders does not take place, the value of the right to participate in the offer shall, to the extent possible, be established based upon the change in the market value of the Company's shares which may be deemed to have arisen as a consequence of the offer.

The exercise price and the number of shares, as recalculated in accordance with the above, shall be determined by the Company as soon as possible after the expiration of the application period and shall apply to subscription for shares effected thereafter.

To a subscription effected during the period prior to the determination of the recalculated exercise price and the recalculated number of shares, the provisions in subsection (c), final paragraph above, shall apply.

- (f) In the event the Company carries out an issue of new shares or an issue pursuant to Chapters 14 or 15 of the Swedish Companies Act – with payment in cash or by way of set off, with preferential right for the shareholders – the Company may grant all holders the corresponding preferential right which, according to the resolution, the shareholders have. In such a situation, each holder, irrespective of whether subscription has been effected, shall be deemed to be the owner of such number of shares which the holder would have received had subscription of such number of shares that each warrant entitles to been effected at the time of the resolution regarding the issue.

Should the Company resolve to direct such an offer, as specified in subsection (e) above, to the shareholders, the provisions set forth in the preceding paragraph shall apply. However, the number of shares which the holders shall be deemed to hold in such case shall be determined on the basis of the exercise price applicable at the time of the resolution regarding the offer.

In the event the Company resolves to grant the holders preferential right in accordance with the provisions set forth in this subsection (f), no recalculation shall take place in accordance with subsections (c), (d) or (e) above.

- (g) If a cash dividend is paid from the Company to the shareholders, a recalculated exercise price and a recalculated number of shares that each warrant entitles to subscription for shall be applied. The recalculations shall be made by a reputable independent valuation institute according to the following formulas:

$$\text{recalculated exercise price} = \frac{\text{the previous exercise price x the Average Price of the Share on the date the share was listed without a right to a dividend}}{\text{the Average Price of the Share on the date the share was listed without a right to a dividend increased by the value of the dividend paid per share}}$$

<p>the recalculated number of shares that each warrant entitles to subscription for</p>	<p>=</p>	<p>the previous number of shares which each warrant entitles to subscription for x (the Average Price of the Share on the date the share was listed without a right to a dividend increased by the value of the dividend paid per share)</p> <hr/> <p>the Average Price of the Share on the date the share was listed without a right to a dividend</p>
---	----------	---

Should the Company distribute a dividend in kind to the shareholders, a recalculation of the exercise price shall be made in accordance with the same principles as in the case of a cash dividend, in which case calculation of the value of the dividend in kind to be used for the recalculation shall be performed by an independent valuation institute.

If an application for subscription has taken place but, due to the provisions in section 6 above, final registration at the VP-account has not taken place, it shall be noted that each warrant following recalculations may entitle to additional shares. Final registration at the VP-account takes place after the recalculation made by the Company, however, not earlier than at the point of time set forth in section 6 above. If the Company is not registered by Euroclear, the subscription for new shares is effected by the Company's registration of the new shares in the Company's share register as interim shares. Final registration in the share register will be made when the recalculation of the exercise price and the recalculation of the number of shares which each warrant entitles the holder to have been determined.

- (h) If the Company's share capital is reduced together with a distribution to the shareholders, and such reduction is compulsory, a recalculated exercise price and a recalculated number of shares that each warrant entitles to subscription for shall apply. The recalculations shall be made by the Company in accordance with the following formulas:

<p>recalculated exercise price</p>	<p>=</p>	<p>the previous exercise price x the Average Price of the Share during a period of twenty-five (25) trading days commencing on the date the share was listed without a right to repayment</p> <hr/>
--	----------	---

$$= \frac{\text{the Average Price of the Share during a period of twenty-five (25) trading days commencing on the date the share was listed without a right to repayment increased by the amount distributed per share}}{\text{the previous number of shares which each warrant entitled the holder to subscribe for x (the Average Price of the Share during a period of twenty-five (25) trading days commencing on the date the share was listed without a right to repayment increased by the amount distributed per share)}}$$

the  
recalculated  
number of  
shares that  
each warrant  
entitles to  
subscription  
for

$$= \frac{\text{the previous number of shares which each warrant entitled the holder to subscribe for x (the Average Price of the Share during a period of twenty-five (25) trading days commencing on the date the share was listed without a right to repayment increased by the amount distributed per share)}}{\text{the Average Price of the Share during a period of twenty-five (25) trading days commencing on the date the share was listed without a right to repayment}}$$

In connection with recalculation in accordance with above, and if the reduction in the share capital is effected through redemption of shares, a recalculated amount of repayment shall be used in lieu of the actual amount per share that is repaid, in accordance with the following:

$$\text{recalculated repayment amount per share} = \frac{\text{the actual amount repaid per redeemed share reduced by the Average Price of the Share for a period of twenty-five (25) trading days immediately prior to the date upon which the share was listed without a right to participate in the reduction}}{\text{the number of shares in the Company upon which the redemption of a share is based, decreased by one (1).}}$$

The recalculated exercise price and number of shares set forth above shall be determined by the Company two banking days after the expiration of the aforementioned period of twenty-five (25) trading days and shall apply to subscriptions effected thereafter.

Subscription is not effected during the time from the resolution regarding the reduction up to and including the day when the recalculation of the exercise price and the number of shares is determined as set out above. In the event the Company's share capital is reduced through a redemption of shares with repayment to the shareholders and the reduction is not mandatory, or if the Company, without a reduction of the share capital, should carry out a re-purchase of the Company's shares, and when in the opinion of the Company, considering the technical

structure and the financial effects of such measure, it can be viewed as a mandatory reduction, recalculation of the exercise price and the number of shares that each warrant entitles to subscription for shall take place by application, to the extent possible, of the principles specifically set forth above in this subsection (h).

If the Company's shares are not subject to a market quotation, the recalculated exercise price and the recalculated number of shares which each warrant entitles the holder to shall be determined in accordance with the principles set out in this paragraph by an independent valuer appointed by the Company. Recalculation shall be based upon that the value of the warrants shall remain unchanged.

- (i) If the Company carries out a change of share capital currency, meaning that the Company's share capital shall be determined in currencies other than Swedish kronor, the exercise price shall be converted into the currency that the share capital is fixed in, and thereby rounded to two decimals. Such currency conversion is to be implemented by applying the exchange rate used for conversion of the share capital at the currency exchange.

The above recalculated exercise price shall be determined by the Company and shall apply to subscriptions made as of the date on which the change of share capital currency takes effect.

- (j) In the event the Company carries out any measure as set forth above in subsections (a) - (e) or subsections (g) - (i) above, and it is the opinion of the Company, considering the technical structure of the measure, or due to any other reason, that the application of the intended recalculation formula may not be used, or would lead to an unreasonable financial return for the holders of the warrants compared to that of the shareholders, the Company shall carry out a recalculation of the exercise price and the number of shares that each warrant entitles to subscription for, for the purpose of ensuring that such recalculation leads to a fair result.
- (k) In connection with recalculations in accordance with the above, the exercise price shall be rounded off to the nearest tenth of a Swedish krona (SEK 0.10), whereby SEK 0.05 shall be rounded upwards and the number of shares shall be rounded down to the nearest number of whole shares. In the event that the exercise price is determined in currencies other than Swedish kronor, at conversions as described above, the exercise price shall instead be rounded off to two decimals.
- (l) In the event it is resolved that the Company shall enter into liquidation in accordance with Chapter 25 of the Swedish Companies Act, irrespective

of the grounds for such liquidation, subscription may not be effected thereafter. The right to apply for subscription shall expire upon the resolution to liquidate the Company irrespective of whether such resolution has entered into effect.

Notice in accordance with section 9 below with respect to the intended liquidation shall be given to all known holders at a date not later than two months prior to the date of the shareholders' meeting regarding the voluntary liquidation of the Company pursuant to Chapter 25 Section 1 of the Swedish Companies Act. The notice shall state that applications for subscriptions may not be made following the resolution by the shareholders to liquidate the Company.

In the event the Company gives notice of the intended liquidation in accordance with the above, each holder shall be entitled to apply for subscription, provided that it is possible to effect such a subscription no later than on the tenth calendar day prior to the shareholders' meeting at which the liquidation shall be resolved upon.

- (m) In the event the shareholders' meeting approves a merger plan pursuant to Chapter 23, Section 15 of the Swedish Companies Act, whereby the Company is to be merged into another company, application for subscription may not be effected after such date.

Notice in accordance with section 9 below with respect to the intended merger shall be given to all known holders at a date not later than two months prior to the date of the shareholders' meeting regarding the merger. The notice shall set forth the substantial content of the intended merger plan and remind the holders that applications for subscriptions may not be made following the adoption of the final resolution regarding the merger by the shareholders as stated in the previous paragraph.

In the event the Company gives notice of the intended merger in accordance with the above, each holder shall be entitled to apply for subscription, provided that it is possible to effect the subscription no later than on the tenth calendar day prior to the shareholders' meeting at which the merger plan, whereby the Company shall be merged into another company, shall be approved. In the case of such subscription, a recalculated exercise price shall be applied. The recalculation shall be performed by the Company on the basis of Black & Scholes' option valuation formula and aims to compensate for the time value lost by the premature termination of the exercise period.

- (n) In the event the Company's board of directors prepares a merger plan in accordance with Chapter 23, Section 28 of the Swedish Companies Act

pursuant to which the Company shall be merged into another company the following shall apply.

In the event the Company's board of directors announces its intention to prepare a merger plan in accordance with the provisions specified in the preceding paragraph, the Company shall establish a new final day for application for subscriptions ("**expiration date**") in the event the final day for share subscription pursuant to section 4 above falls on a day after the announcement. The new expiration date shall be set at a date within sixty (60) days after the announcement.

Where announcement has been made in accordance with the provisions set forth above in this subsection (n), the holders shall be entitled to apply for subscription until the expiration date. In the case of such subscription, a recalculated exercise price shall be applied. The recalculation shall be performed by the Company on the basis of Black & Scholes' option valuation formula and aims to compensate for the time value lost by the premature termination of the exercise period. The Company shall provide written notice in accordance with section 9 to the known holders not later than four weeks prior to the expiration date with respect to this right and the fact that the holder may not apply for subscription after the expiration date.

- (o) In the event that a public offer for the Company's shares is announced and the offeror subsequently announces (i) that the public offer is unconditional and (ii) that the offeror has become the owner of at least two thirds of the shares in the Company, the Company shall establish a new final day for application for subscriptions ("**expiration date**") in the event the final day for share subscription pursuant to section 4 above falls on a day after such announcement. The new expiration date shall be set at a date within sixty (60) days after the announcement.

Where announcement has been made in accordance with the provisions set forth above in this subsection (o), the holders shall be entitled to apply for subscription until the expiration date. In the case of such subscription, a recalculated exercise price shall be applied. The recalculation shall be performed by the Company on the basis of Black & Scholes' option valuation formula and aims to compensate for the time value lost by the premature termination of the exercise period. The Company shall provide written notice in accordance with section 9 to the known holders not later than four weeks prior to the expiration date with respect to this right and the fact that the holder may not apply for subscription after the expiration date.

- (p) In the event the shareholders' meeting approves a de-merger plan in accordance with Chapter 24, Section 17 of the Swedish Companies Act,

whereby the Company is divided by all of its assets and liabilities being transferred to two or several other companies, application for subscription may not be made after such date.

Notice with respect to the intended de-merger shall be given in accordance with section 9 below to all known holders at a date not later than two months prior to the date of the shareholders' meeting regarding the de-merger. The notice shall include a description of the main provisions of the intended de-merger plan and remind the holders that applications for subscriptions may not be made following the final resolution regarding the de-merger.

In the event the Company gives notice of the intended de-merger in accordance with the above, each holder shall be entitled to apply for subscription from the date upon which the notice is given, provided that it is possible to effect the subscription no later than on the tenth calendar day prior to the shareholders' meeting at which the demerger shall be resolved upon.

- (q) Notwithstanding what is set forth in subsections (l), (m), (n) and (p) above regarding that subscription may not take place following a resolution to liquidate the Company, the approval of a merger plan, the new expiration date in connection with a merger, or approval of a de-merger plan, the right to apply for subscription shall apply in the event the liquidation is terminated or the merger or de-merger is not carried out.
- (r) In the event the Company is placed into bankruptcy, application for subscription may not thereafter be made. In the event, however, that the order placing the Company into bankruptcy is annulled by a court of higher instance, subscription may again take place.

### **8. Broker**

For warrants that are registered in the name of a bank trust department or with a private securities broker according to the Swedish Central Securities Depositories and Financial Instruments (Accounts) Act (SFS 1998:1479), the trust department or the private securities broker shall be considered as the holder under these terms and conditions.

### **9. Notices**

Notices relating the warrants shall be sent to holders who in writing have noticed their postal address to the Company.

In the event the warrants are registered by Euroclear in a securities depository register in accordance with the Swedish Central Securities Depositories and Financial Instruments (Accounts) Act (SFS 1998:1479), the notices relating to the

warrants shall, instead of what is stated in the preceding paragraph, be provided to each registered holder and other person holding a right that is registered at a VP-account in the Company's securities depository register.

If the warrants are subject to market quotation, the market place shall also be notified and the notice shall be published in accordance with rules of the market place.

**10. The right to represent holders**

Without special authorization from the holders, the Bank is authorized to represent the holders in issues of a formal nature relating to the terms of the warrants.

**11. Amendments of terms and conditions**

The Company may make amendments of these terms and conditions if required by law, court decisions or decisions by authorities or if it otherwise – according to the Company's opinion – is appropriate or necessary due to practical reasons and the holders' rights are not materially deteriorated.

**12. Confidentiality**

The Company, the Bank and Euroclear may not unauthorized disclose information to a third party regarding the holders. The Company has the right to get the following information from Euroclear regarding the holder's account with Euroclear in the Company's securities depository register.

1. the holder's name, social security number or any other identification number and the postal address, and
2. the number of warrants.

**13. Limitations regarding the responsibility of the Company, the Bank and Euroclear**

For the measures that shall be taken by the Company, the Bank and Euroclear – regarding Euroclear with respect to the provisions in the Swedish Central Securities Depositories and Financial Instruments (Accounts) Act (SFS 1998:1479) – the Company, the Bank and Euroclear are not liable for damages as a consequence of Swedish or other countries' legislative amendments, the actions of governmental agencies in Sweden or other countries, acts of war, strikes, blockades, boycotts, lockouts or similar measures. The reservation with respect to strikes, blockades, boycotts and lockouts is applicable even where the Company, the Bank or Euroclear has taken or is the object of such measures.

Furthermore, the Company, the Bank and Euroclear are not liable to compensate for damages arising in situations in which the Company, the Bank and Euroclear

have exercised a normal standard of care. The Company, the Bank and Euroclear are not under any circumstances liable to pay compensation for indirect damages.

In the event the Company, the Bank or Euroclear is not able to make a payment or take any other measure due to circumstances set forth in the first paragraph, the payment or the measures may be postponed until such a time that the impediment has been removed.

**14. Applicable law and arbitration**

These terms and conditions for the warrants and all legal issues related hereto shall be governed by Swedish law.

Any dispute arising out of, or in connection with, these terms and conditions shall be finally settled by arbitration in accordance with the Rules of Arbitration of the Stockholm Chamber of Commerce. The place of arbitration shall be Stockholm. The language to be used in the arbitral proceedings shall be Swedish.

Arbitral proceedings conducted with reference to this arbitration clause shall be kept strictly confidential. This confidentiality undertaking shall cover all information disclosed in the course of such arbitral proceedings, as well as any decision or award that is made or declared during the proceedings. Information covered by this confidentiality undertaking may not, in any form, be disclosed to a third party. In case warrants are assigned or transferred to a third party, such third party shall automatically be bound by the provisions of this arbitration clause.

---
